

Mrs. Clifton's K-4 Cuties

August 19, 2016

We had a great week learning letter li and number 1. Please practice these at home with your child. It is much easier for the children to learn the letters and numbers as we go, instead of having to play catch up later.

I have started a ClassDojo. Please follow the directions I sent home to get you started. It will be a great way to communicate. I will put pictures and video's on there from time to time. The children can earn points for good behavior and when we all reach 10 points, we will have a special reward. You will be notified any time I add something to the ClassDojo.

HOMEWORK FOR MONDAY- Have your child bring something red, blue, green and yellow to school for us to discuss. Be sure it fits in their backpack. We have been reviewing colors and I thought this would be a fun activity.

Nap mats went home today. Please wash and return Monday. Extended care children can bring home their mats any Friday. You will have to remind them.

Lesson Activities

~Reading: We will be starting letter “Uu”. We will be working on recognizing, sounding, writing and picking out beginning sounds of each letter. Please reinforce what we learn at school by practicing at home.

~Math: We will be learning number 2 and counting to 10. We will be recognizing, writing, and counting objects on the smartboard with each number.

~Science/Social Studies: We will be learning school rules and how to get along in our classroom.

~Bible: We will be talking about Jesus loving and caring for us.

Thank you for sharing your child with me! We are going to have a great year!

Michelle Clifton
