

# **Mrs. Clifton's News**

**August 26, 2016**

**I hope you are enjoying our ClassDojo. I am trying to teach the children that they earn points for good deeds and good behavior. Each child has received 10 points, so we will have popcorn and Sprite Monday. Their points will then start back at 1 because they don't know higher numbers yet. Please praise them when they earn Dojo points.**

**Please remember to send water bottles each day while it is so hot outside. We always take a water break in**

our locker after playing and each child needs some water.

Please remember lunch money is due on Friday for the following week. Monday is the latest day to order lunches. Please send a check or correct change.

### Lesson Activities

Reading: We will be reviewing Aa and Uu and adding letter Ee.

Please make sure your child knows the letter(upper and lower case), and sound of each letter. Please practice the letters out of order.

\*The most important way to make your child a successful reader is to read to them. Please make this part of your nightly routine.

Math: We will be reviewing numbers 1 and 2 and adding number 3(recognizing, writing and one to one correspondence). The children are doing an excellent job with their numbers.

Science/Social Studies: School Rules

Bible: “ The Bible is God’s word.”
